

April 10, 2020

Outings postponed In response to covid-19, the Adirondack Mountain Club has closed its facilities and cancelled all events, including Chapter events, until at least May 14. Our schedule for late May and June is still in place, pending further developments.

Hiking locally The DEC encourages us to get outdoors locally, and St Lawrence County Sheriff Brooks Bigwarfe confirms that travel to trailheads is okay under the current travel restrictions, as long as you practice social distancing and follow all public health directives. Visit our [trail guide page](#) for some ideas.

 [Take A Hike!](#) Good for the health, good for social distancing (with precautions)
